

Decorative Series Modular Ropelight

Creativity is your only roadblock with the Modular Ropelight System. Specially designed connectors makes it possible to form extensions of up to 180 feet. The soft nature of the hollow PVC, available in a variety of colours with up to 4 different coloured sub-miniature incandescent bulbs, allows for installation just about anywhere. Lamps are sealed in the hollow tube and when accompanied by a 4-channel controller, Modular Ropelight becomes a 4-Channel chasing, eye-catching, attention grabbing solution. Whether it is a nightclub, a window accent, sign, or special event, Modular Ropelight can provide the lighting solutions you need!
